

To: The Wedding Acts Team (Jonathan, Mabel and Sharon)

Dear Jon,

Our wedding on 3 November 2005 was indeed a dream come true and truly memorable, not just for us but for all our friends, relatives and guests as well. Everything on that day was according to plan, with you and your team making sure all concurrent events went on smoothly. You have certainly made our special day fuss-free for us; even our parents and families were impressed and very much pleased! We give special mention to how you were able to react quickly and solve ad-hoc hiccups that arose on that day. Your professionalism in handling our parents and families is highly commendable. Your calm composure throughout the entire day gave us utmost assurance that everything was under control and we did not have to worry at all.

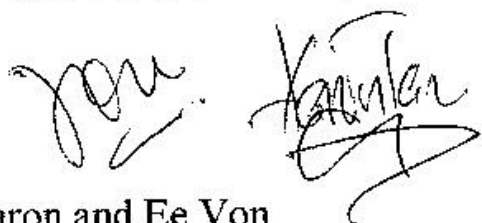

Special thanks to Mabel for her organized and decisive style, especially during the table-to-table photo-taking. It was totally hassle-free, at the same time, saving Aaron from the 'sabo-sessions'. ☺ She was also very patient and helpful to our parents. Thank you Mabel!

To Sharon, what would we do without you? Your composure and little acts of helpful gesture made things so much easier for both my bridesmaid and me. Changing outfits had never been easier and fun. And of course, I'll never forget your lipstick that saved the day! Cheers to you!

For you Jon, we've come a long way and no words can express our joy and gratitude to you. Even though there were hiccups along the way, the actual day success made everything perfect. It was like the final icing on a beautiful cake. The entire planning process was enjoyable and we really wish to thank you for even little things like helping us with the Welcome Montage, getting the many good deals and all. God has blessed us with so many wonderful things, one of which is getting to know you too. We are indeed privileged to have you as part of this blessed marriage. This wedding is definitely a great testimony to all our friends and family. We pray that God will continue to watch over you, your family and your team as well in all you do. May you taste more goodness, joy and sweet successes your way as you continue to honour Him.

Thank you once again and do keep in touch!
