Dear Jonathan,

I have been wanting to thank you for the unwavering support you and your team (Jamie and Denise) rendered on our special day.

From the very beginning, when I spoke to you wrt to the frustrations I was facing – simply just not knowing how to start my wedding prep, to the very moment I walked that ever-so-beautiful aisle you created – You have relentlessly maintained that calming, pleasant and tolerant “pillar” for the both of us.

I believed it had been frustrating for you to handle a couple who is almost never there! But you were always so friendly, composed and warmth! From brain storming on designs to working around our schedule, you had been a great help!

I can never write enough to show our gratitude and certainly would recommend your services to couples intending to engage a wedding planner in future.

Once again, great job to Jamie, Denise and yourself! Please send them my regards!

Yours truly,

Alicia & David Becker
