

Dear Jonathan,

We would like to express our sincere appreciation to you and your team for assisting us on our wedding day. It was truly a remarkable day for us. We never had to stress. All we did was to turn up and enjoy ourselves while you and your team took care of the rest.

The decoration in the ceremonial and dinner ballrooms looked amazing. All our guests praised the romantic ambience, and many of them even took home some of the flower deco on the table! One of our friends who had attended many weddings commented that our wedding is one of the best he had attended.

We hope that many other couples will enjoy their special day with you as their planner.

God Bless
