A BIG THANK YOU

Hi Jon,

Just wanna drop a note to say how grateful Reina and I are for your professionalism you exhibited during the lead-up and on our Big Day on Dec 3, 2005. From the time when we first engaged your service 18 months ago, you had sourced the most appropriate suppliers and vendors for our various bridal needs.

And for our theme wedding, you had also executed some very interesting ideas which enabled us to translate our dream wedding into reality. And when it all culminated on Dec 3, you and your assistant Angeline performed marvelously, without missing a beat, to ensure that we will have nothing but wonderful memories on the first wedding ceremony and dinner from both families. Initially, my Mum had reservation on the necessity of a wedding planner. But after witnessing your work on that entire day, she realized that your expertise is required to ensure that we don't get stressed out and everyone could enjoy wholeheartedly.

It was a pleasure to have you accompanied us on our *Journey of a Lifetime!*
Best wishes and take care.

Yours sincerely
